

Join our Team!

Psychologist or Psychological Associate to join a successful practice that has been providing assessments and neurofeedback/biofeedback training for over 25 years. Positions available are part-time, which may lead to full time. We have two locations: Mississauga (near square one) and Toronto (near Yonge and Lawrence). There are opportunities at either location and we can provide a flexible schedule that will likely involve some virtual work/ work from home following initial training.

As a member of our Team, you may provide psycho-educational assessments, psychological assessments and/or assessments to determine if a client is an appropriate candidate for neurofeedback training.

Candidates certified by Biofeedback Certification International Alliance or interested in becoming certified will be given preference.

Compensation would be based on experience and discussed at the interview. Fee for service options are available.

Requirements:

- Registration with the College of Psychologists of Ontario with competency in Clinical, Counselling or School Psychology
- Experience conducting psychoeducational/psychological assessments and writing reports
- Strict adherence to the College of Psychologists of Ontario's Code of Conduct

- Excellent written and verbal communication skills
