

Clinical Opportunity at Brain Training of New England

Seeking Executive coach with technical skills in Neurofeedback. Can offer training in Neuro, bio and qEEG Assessments beginning in summer of 2024, with 20+ hours a week working Mondays, Wednesdays, evenings optional and some Saturdays. Please be BCIA certified in BCB and or BCN (or complete within 6 months). The company is expanding, and full-time may be a possibility in a satellite office.

Brain Training of New England is located at the corner of NH/Maine, one hour north of Boston. We offer 6-days a week Neuro and Biofeedback, with 2 NFB office spaces, a massage room, waiting room, 2 acres of developed gardens with walking paths. In 2024 a therapeutic movement space and meeting room with kitchen will open for classes and community offerings including brain lectures.

You will bring a rich skill set to this wellness center and be part of an active and passionate team holding space for wellness in a diverse community. Please have excellence of character, a creative mind and be driven for independent success.

See the website for more information and photos. We work in paradise.
