

## **NEUROFEEDBACK PROVIDER WANTED**

Empower Health is looking to welcome a new member to its team of passionate, collaborative and visionary practitioners and professionals. This is a unique opportunity to work in an integrative wellness centre that was created out of a vision founded on transformative healthcare and advocacy. At Empower Health we are aware of and deeply committed to the emotional connection people have to their healthcare providers, recognizing that we have an ethical obligation to provide clients with the best possible services to improve their health.

Empower Health is a wellness centre brand brought to you by Psy Integrated Health Inc., a public benefit company founded in British Columbia on a unique approach to clinic management services, dedicated to fostering collaboration and support among locally owned integrated health clinics. It supports an international network of clinics dedicated to transformative healing in a unique combination of integrative programs and services.

### **JOB DESCRIPTION:**

As a neurofeedback provider, you will work closely with the clinical supervisor to provide neurofeedback training sessions to clients presenting with a wide array of concerns. You will work with clients facing mood disorders such as anxiety and depression as well as other clinical disorders such as ADHD, addiction, PTSD, complex trauma, learning disabilities, memory loss and sleep problems. You will also work with those suffering from concussions as well as those seeking peak performance through optimizing their brain function. You will communicate about the care of your clients with your clinical supervisor and receive direction on the most beneficial neurofeedback training protocols to implement.

### **RESPONSIBILITIES and DUTIES**

- Establish rapport with a diverse range of clients
- Take direction from lead Neurofeedback Supervisor
- Set up, caring for and proper cleaning of biofeedback/ neurofeedback and neurostimulation equipment
- Ensure an adequate level of required supplies, monitor inventory
- Conduct individualized neurofeedback training sessions according to clinical protocols provided by the supervisor
- Collaborate with interdisciplinary team to create integrative care plans
- Participate in training and development to stay current in the field of neurofeedback and therapeutic care.

### **QUALIFICATIONS and SKILLS**

#### **Education**

- A Master's degree in psychology or related healthcare field from a recognized university.
- License to practice therapy preferred
- Certification with the Biofeedback Certification International Alliance (BCIA) or International QEEG Certification Board strongly preferred
- Additional complimentary certification in a health field is beneficial but not required
- Current BLS (Basic Life Support) certificate (this can be obtained after successful hire)

## **PERSONAL QUALITIES and EXPERIENCES**

- Experience with neurofeedback assessments and training
- Clear understanding of neurofeedback protocols including Z-score training
- Experience using BrainMaster Avatar software is a plus
- Comfortable troubleshooting technical issues independently as they arise
- Personable and enjoy talking to people while maintaining client confidentiality and respecting client-therapist boundaries
- Genuinely interested in the art and science of health with a passion to help others
- Have outstanding verbal and written communication skills
- Computer-savvy and enjoy learning new technology
- Thrive in team and multidisciplinary environments
- Have a high level of self-awareness and are unafraid to ask for help when needed
- Self-driven and continuously desire personal and professional growth

## **OUR COMMITMENT:**

Empower Health celebrates and values diversity in thought, culture and background. All applicants will be considered based on their qualifications, education, and experience only. They will not be discriminated against based on race, age, religion, sexual orientation, gender identity, marital status, age, disability, national or ethnic origin or citizenship.

## **WORKING CONDITIONS and BENEFITS**

- \$40 /hr for unlicensed therapist
- \$50 paid per 1 hr client session, commensurate with experience - Attend up to 5-6 clients in a day
- Job Type: part -time contractor
