

### **Job Title: Part-Time Neurofeedback Technician**

Houston Brain Center, a leading provider of EEG and Neurofeedback services, with two locations in Houston and Katy, Texas, is seeking a passionate and dedicated individual to join our team as a Part-Time Neurofeedback Technician. We are dedicated to empowering individuals facing diverse cognitive, mental, and emotional challenges. Embracing a comprehensive approach, we leverage advanced technologies and brain-body wellness assessments to uncover the underlying factors behind these difficulties. We then craft personalized treatment programs, seamlessly incorporating innovative interventions like Neurofeedback. At Houston Brain Center, we are committed to helping our clients optimize their brain functioning, mental health, and improve their overall well-being.

### **Responsibilities:**

- Conduct Neurofeedback sessions and assessments
- Track client progress and adjust training plans as needed
- Maintain accurate and detailed records
- Collaborate with colleagues to enhance training outcomes

### **Requirements:**

- Some education in a relevant field
- Strong interpersonal skills and ability to connect with clients
- Comfortable with technology and its integration in training
- Thrive in a collaborative team environment
- BCIA certification in neurofeedback or willingness to get certified in 6 months
- Experience providing Neurofeedback training in a professional capacity (a plus)
- Bachelors-Level education in a relevant field (a plus)

### **Additional Aptitudes:**

- Competent, professional demeanor, with a positive, "can-do" attitude when dealing with both patients and colleagues
- Knowledge of filing systems, electronic records management, and ethics surrounding mental health professions
- Experience in a mental health-related field
- Working knowledge of and compliance with HIPAA requirements
- Strong communication skills, both oral and written
- Computer and technology competence, particularly in maintaining Neurotherapy equipment
- Self-starter
- Prompt and reliable
- Accurate and clear record-keeping
- Quick learner

**Key Deciding Factor:**

☀️ Alignment with our Company Core Values ☀️

At Houston Brain Center, we value compassion, integrity, and continuous growth. We are seeking a Neurofeedback Technician who shares these values and demonstrates a genuine commitment to fostering an environment of empathy, ethical practice, and ongoing learning.

If you are passionate about neuromodulation and have professional experience in the field, we encourage you to apply. This is an excellent opportunity to join a team that values excellence, empathy, and the pursuit of knowledge.

To apply, please send your resume and a brief cover letter highlighting your relevant experience, including any experience with professional neurofeedback training, and how you embody our core values. We look forward to hearing from you!
