#### About the Position & Company

---

We are a mental health company building a mobile app based solution to help those experiencing anxiety, depression and worse ... FEEL BETTER.

Who are you? You care about our customers, DEEPLY.

You care about the problem we're solving and our Hanu product that we use in our therapy sessions to help our customer understand the connection between the mind and the body (psychophysiology).

You are PASSIONATE about working with customers to help them understand the challenges they are facing with mental wellness and to help them with a plan to get better.

Your job will be to:

- Work with Hanu customers to deal with their anxiety, depression or chronic stress.
- Build a plan for our customers to help them feel better.
- Teach our customers how they can see changes in their body when they work on their minds.
- To ensure the long-term health of the customers.
- Measure improvement in anxiety and depression.

## Position Detail

**We're looking for a licensed mental health professional who has experience with:**

Mental health therapist:

- **MUST** have experience with mental health therapy.
  - Experience with behavioral modification
  - Experience with evidenced-based therapies (e.g., CBT, ACT, Interpersonal therapy, Solution-Focused Therapy, etc.).
- **MUST** have experience working with a wide array of mental health disorders:
  - Anxiety Disorders, Depressive Disorders, Trauma-related disorders, etc.
- **MUST** have significant/expansive knowledge in mental health outcomes and behavioral strategies within the domains of exercise, sleep, and nutrition.
- **MUST** have a dedication to improving mental health outcomes through the use of holistic therapies and working with a multidisciplinary team.
- **NICE** to have experience with psychophysiology and biofeedback, particularly heart rate variability biofeedback.

## Bonus & Benefits

### **What we're offering.**

- **You will operate as a 1099 independent contractor to Hanu.**
- **Bonus structure based on performance.**
- **CEU's for the maintenance of your license.**
- **Flexible working hours + work-life balance**
- **Free BCIA Mentoring (valued at over \$2500) for those working toward initial BCIA certification**
- **PsyPact Assistance/waiver**
