The Position

We are looking for contract therapist(s) with particular interest in providing neurofeedback services. This position is geared towards licensed mental health practitioners who are interested in becoming certified in neurofeedback by meeting the requirements set by the Biofeedback Certification International Alliance (BCIA). Mentoring hours can be provided by Cortney Amundson, who is board-certified in neurofeedback and a QEEG Diplomat. Supervision for therapists seeking LPCC or LPC licensure will also be considered, and supervision can be provided. We will help you meet the required hours for the BCN certification, provide use of neurofeedback equipment on site, and provide a wide variety of access to neurofeedback training resources. Therapists will have the opportunity to review raw QEEG data and QEEG reports with other certified providers.

This position will have some flexibility in hours. However, we are looking for contract therapists willing to fill evening and weekend hours.

Responsibilities include:

- Conducting initial mini-QEEG, functional brain assessments, & initial intakes.
- Complete and/or review diagnostic assessments to develop individual treatment plans.
- Provide neurofeedback training sessions for individual clients.
- Participate in meetings with supervisors and/or mentors to review client's progress, concerns, and updated QEEG maps and treatment plans.
- Provide conjunct therapy approaches such as physiological psychotherapy.
- Maintain supplies and equipment for optimal client care.
- Provide psychoeducation about neurofeedback and neurotraining to potential clients.
- Create case presentations for ongoing client care during monthly consultation.
- Perform administrative tasks, including maintenance of client's medical records, collecting payments for services, and email & phone support for clients.

Qualifications:

- Licensed mental health practitioner (PsyD, PhD, LCSW, LMFT, or LPCC).
- OR
- Seeking licensure through the MN Board of Behavioral Health and Therapy for LPCC or LPC.
 - Previous or current work experience in a mental health setting.
 - Previous training in neurofeedback is a plus, but not required.
 - Know and adhere to ACA Code of Ethics.

Our ideal candidate is:

- Highly organized and detail oriented.
- Empathetic, patient, and continual growth in cultural humility.
- Motivated to continue learning and growing in the field of mental health/wellness.
- Open to emerging and holistic treatment modalities used in conjunction with neurofeedback.
- Agreeable to a year commitment with Mindful Restoration PLLC after training requirements are met and BCIA certification is complete.

Pay rate will be based on education, licensure, prior training, and experience. Hired contract therapists will receive a W9 and file with the IRS as an independent contractor.

How to Apply: Please submit a resume and cover letter describing your interest in and qualifications for this position. Questions and applications can be sent to Cortney Amundson at cortney@mindfulrestoration.org

Applications accepted until August 31. Applicants can expect communication within a week after the application deadline.
