

## **Neurofeedback & Biofeedback Practitioner – Management Track**

As Brain Training of New England (BToNE) enters its second decade, we are seeking a high-caliber, forward-thinking clinician to join our team in a management-track role at our established, profitable neurotherapy practice in Kittery, Maine.

We're looking for a licensed psychologist, LMFT, LCSW, LPC, RN, or other qualified mental health or functional medicine professional with a strong commitment to neuroscience-based mental health and performance.

Founded in 2015, BToNE operates on a walkable 2-acre wellness property featuring gardens and a restored two-story barn housing three treatment rooms, a community space, and regular movement, meditation, and arts programs. Most of our new clients come as referrals from satisfied clients, educators, medical professionals, and interdisciplinary practitioners who trust the quality of our work.

### **What We Do**

BToNE provides evidence-based neurofeedback, biofeedback, and qEEG assessments for clients ages 4 through adulthood. Our caseload includes individuals recovering from TBI, stroke, seizures, neurological disorders, and those seeking general brain optimization and peak performance. Approximately 30% of our clients are pediatric.

### **What You Bring**

Ability to work confidently with clients across the lifespan  
Strong interdisciplinary communication skills (legal, medical, educational, and therapeutic professionals)  
Clinical curiosity and ambition to grow within a leadership pathway  
BCIA BCN or BCB certification preferred

### **Compensation**

Salary and schedule are negotiable based on experience.

### **Nondiscrimination**

Brain Training of New England values diversity and equity and does not discriminate against any person on the basis of race, nationality, ancestry, public assistance, ethnic background, religion, marital status, gender identity, and any other legally protected class.

### **To Apply**

Interested candidates should send a cover letter and resume to clinical director, Pamela Blodgett, at the following address: [braintrainingofnewengland@gmail.com](mailto:braintrainingofnewengland@gmail.com). Paper copies may be sent to Brain Training of New England, 60 Old Dennett Road, Kittery, ME 03904. No phone inquiries.

Looking to hire immediately, though applications will be accepted until the position is filled.
