

NYU Langone Grossman School of Medicine

Department of Neurology

Post-Doctorate Psychology Position

Are you completing your Ph.D. in clinical psychology, health psychology or neuropsychology and interested in gaining research experience in headache and related psychiatric comorbidities?

You will gain significant experience in developing and running clinical trials for people with migraine and related psychiatric comorbidities. You will also gain experience in mobile health (mHealth) trials. Strong candidates will have significant clinical experience in CBT and other evidence-based migraine behavioral therapies.

** The candidate should be BCIA certified or willing to become so within the calendar year.*

A post-doctoral psychology fellowship in the Department of Neurology is available in the **Headache Division**. This fellowship is led by Dr. Mia Minen, **Chief of Headache Research** (trained and certified in both Headache Medicine and Neuropsychiatry/Behavioral Neurology)

The fellowship is designed to provide comprehensive training in **research investigation and clinical care** in headache medicine, depression, anxiety, insomnia, and overlapping pain conditions

Interested applicants should email Dr. Minen's research coordinator, Alexis George at Alexis.George@nyulangone.org with their cover letter and curriculum vitae. Please CC Dr. Mia Minen at Mia.Minen@nyulangone.org. Applications will be accepted on a rolling basis.
