

**Job Title:** Neurofeedback Technician  
**Hours:** Part-time with potential to move to full-time as case load grows.  
**Starting Salary:** \$15.00 per hour with potential for growth  
**Location:** Nashville and Franklin, TN  
**Start Date:** 6/1/2021  
**Contact:** Cory Williams, [cwilliams@nashvillefamilywellness.com](mailto:cwilliams@nashvillefamilywellness.com)

Looking for a positive, enthusiastic neurofeedback technician at Nashville Child and Family Wellness Center. We are a multidisciplinary mental health practice focused on helping children and adults who struggle with ADHD, anxiety, depression, and mental health diagnoses. The technician will work directly with patients to provide HRV and neurofeedback training under supervision of members of the medical team.

Responsibilities and expectations include, but are not limited to:

- Running neurofeedback training sessions for patients according to parameters set by Director of Neurofeedback and Chief Psychiatrist.
- Record qEEG data using Nexus hardware and software.
- Maintain accurate clinical notes for each office visit.
- Maintain effective communication with team members involved with each patient's care.
- Communicate with providers from other offices about treatment goals and progress when necessary.

Skills and requirements necessary:

- Comfortable working with children with special needs
- Strong written and oral communication skills.
- Comfort with trouble shooting through technical issues as they arise.
- Reliable transportation.
- Bachelor's degree or higher in social work, psychology, or other mental health related field.
- Familiarity with neurofeedback is a plus, but training will be provided by a BCIA certified mentor.
- BCIA certification in neurofeedback or willingness to get certified in 6 months. Training and supervision will be provided as needed.
- Because of the level of investment and training provided, we are asking for at least a one-year commitment.
