## **BCIA CE LOG**

## All courses for recertification MUST be:

- accredited by a national professional organization, a university or BCIA AND
- the content must be blueprint-relevant

Please keep a copy of the original CE certificate in case you are audited.

| Date Attended | Course Title | # of Hours | Accreditation Body |
|---------------|--------------|------------|--------------------|
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
|               |              |            |                    |
